ABOUT JOMLAUNCH

JOMLAUNCH is an event that gathers programmers, coders, developers and other tech and IT professionals in Malaysia. JOMLAUNCH was first organised in 2015, gathering a handful of friends with the same interests in the field.

Over the years, it has grown into a multi-day event with various activities, gathering professionals in the industry from public and private sectors. During the event, participants come together to learn from each other and create new connections for collaborations, business ventures, work opportunities and more.

JOMLAUNCH 2023

Date : 5th to 7th of October 2023

Venue : Kompleks F8, Putrajaya

Jointly organised by **Taming Tech Sdn Bhd** and **Koperasi Profesional Teknologi Berhad (KOPROTECH)**.

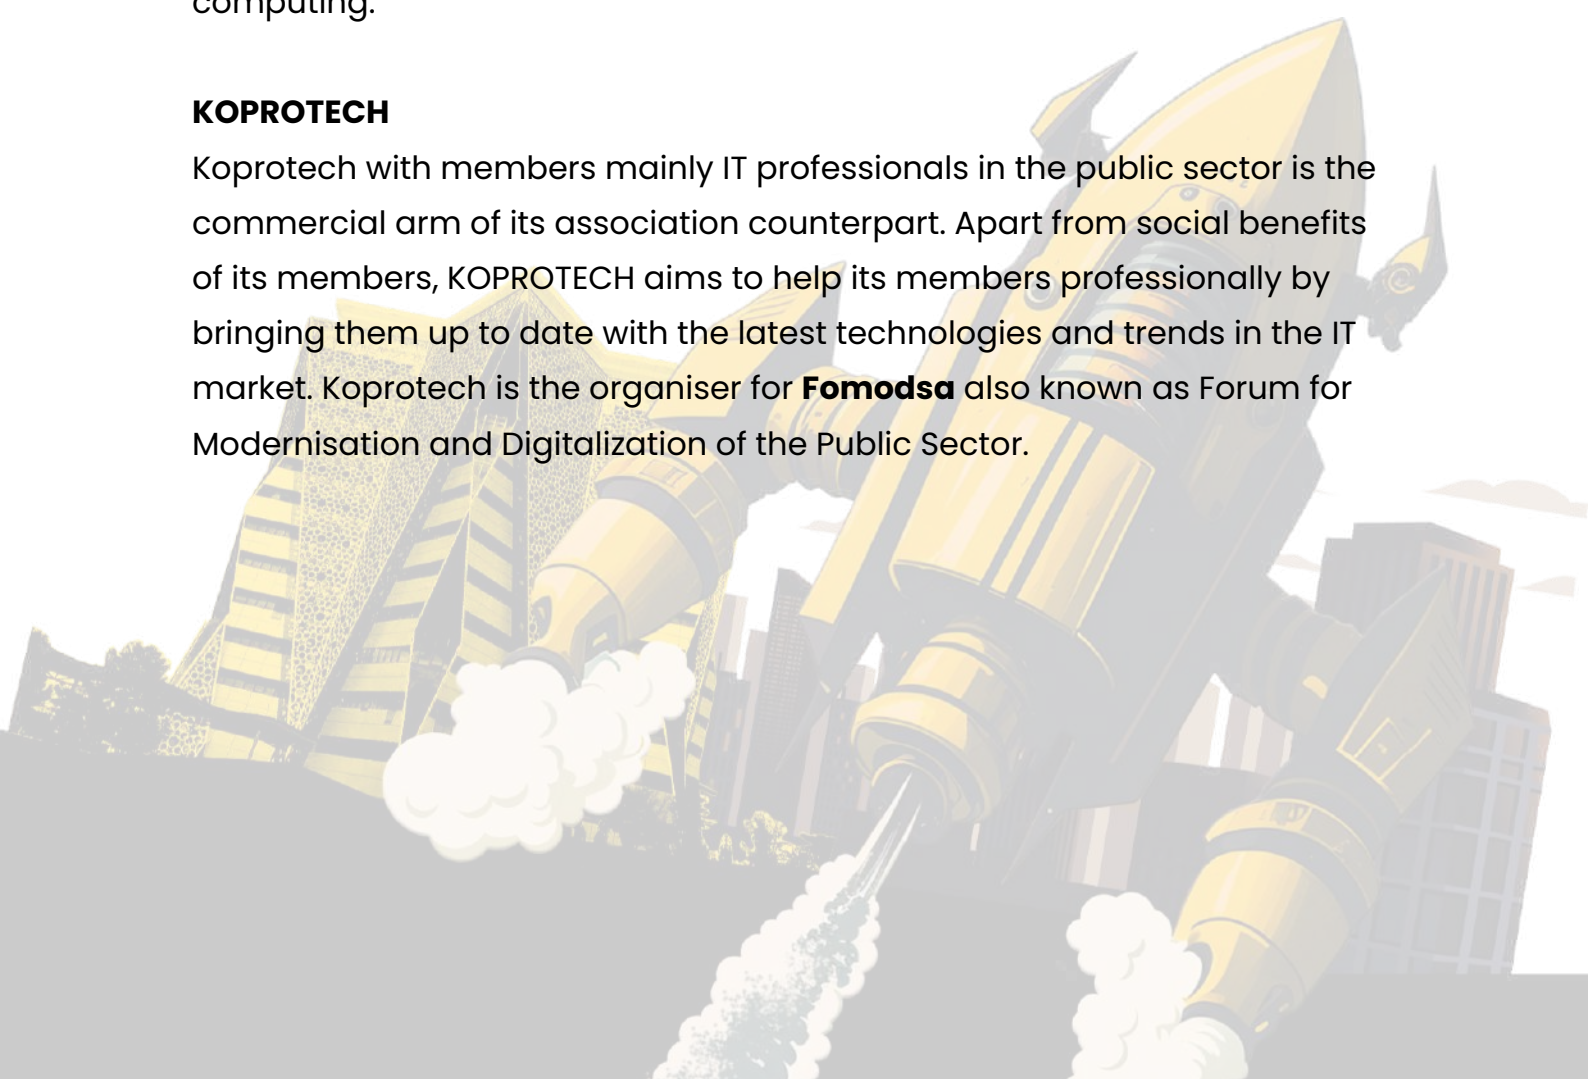

Taming Tech Sdn Bhd

Taming Tech is the brand guardian for JOMLAUNCH and JOMWEB. Apart from organising JOMLAUNCH annually, Taming Tech is the Authorised Training Partner for The Linux Foundation where they provide training and certification in the field of programming, server administration and cloud computing.

KOPROTECH

Koprotech with members mainly IT professionals in the public sector is the commercial arm of its association counterpart. Apart from social benefits of its members, KOPROTECH aims to help its members professionally by bringing them up to date with the latest technologies and trends in the IT market. Koprotech is the organiser for **Fomodsa** also known as Forum for Modernisation and Digitalization of the Public Sector.

SPEAKERS & PANELS

Some of our confirmed speakers include :

Shankar Karuppiah (Tawk.to)

CTO and Co-founder of Tawk.to, leading live chat solution for websites with millions of users around the world.

Thomas Yip (Electra)

CEO and Co-founder of Electra, a CAD software (previously known as Radica Software). He built Radica from the ground up in Ipoh until the recent acquisition by Siemens.

Reza Razali (GetSlurp)

CEO and founder of Terato Tech, GetSlurp and RONPOS. GetSlurp POS serves over 3000 merchants while RONPOS serves over 1000 Petronas stations and is expanding fast locally and globally.

Megha Arora (MongoDB)

The first developer relations hired in the APAC region by MongoDB will be sharing some insights on MongoDB for enterprise solutions.

Saidy Yusof (Netbox)

Saidy Yusof is known for his expertise in web server optimization. Through his company Netbox Solution, Saidy provides server optimisation services, saving clients physical server costs.

Halim Fadhli (Nginx)

Halim from Nginx / F5 has a vast experience with the Nginx server. He will be sharing about modern architecture for building API.

Nur Asmawi Subri (Sably)

Asmawi will be sharing a better local development and production environment setup, reducing the friction between the two.

More speakers to be featured soon.
