The screenshot shows a Discord chat window with a dark theme. On the left is a sidebar with a search bar and a list of users including confirmamal, akmalkdin, zyoq, lalalolipop, nasahasri, KipasSafe, sol, aniqqaqili, blank666, pokok, keem (Playing Code), Rajjin, charaakew, **Ny0t!**, Atmahana, rockybalboa, tapi, reremyyy, FarEast, Moochi, Fadli, and farhan-hel... (Online). The main chat area is titled "Ny0t!". At the top, there is a code block with the following content: 

```
./Ny0t!@gmap_scraper: npm ERR! code ENOENT
ENOENT: no such file or directory, open './package.json'
./Ny0t!@gmap_scraper: npm ERR! errno ENOENT

```

Below the code block, a user says: "saya coba simply buat apa yang dia mintak tu macam tak jadi apa. dia still tak jumpa modules itu saya tak install apa apa lagi, just tank masuk sahaja copy folder dan masukkan ke file ratemysurau terus".

A second user (Ny0t!) replies: "Click to see attachment".

The first user then says: "saya ada cuba masukkan playwright-core dalam devDependencies (macam yang saya reply ni), then saya run opa install, yarn install then still keluar error pada terminal (untuk percubaan ini saya tak run app ratemysurau, saya hanya cuba run yarn scrape: start, dimana dalam package.json, ada scripts['scrape:start':'node src/util/gmap\_scraper/google\_maps\_scraper.js'])".

A third user (farhan-helmy) asks: "k kalau tak install mng tak jumpa module tu kau try push dekat branch kau apa yg dah buat aku tlg tengok sat".

Ny0t! replies: "alright anti dah push saya roger terima kasih ya".

farhan-helmy says: "baikkk".

Ny0t! provides a GitHub link: [https://github.com/Ny0t!/ratemysurau/tree/gmap\\_scrape\\_Ny0t!](https://github.com/Ny0t!/ratemysurau/tree/gmap_scrape_Ny0t!)

A GitHub repository card is shown for "Ny0t!/ratemysurau at gmap\_scrape\_Ny0t!". The card includes the text: "Contribute to Ny0t!/ratemysurau development by creating an account on GitHub."

At the bottom of the chat, there is a "Package @Ny0t!" button and icons for attachments, GIFs, images, and emojis.

On the right side of the window, there is a profile card for "Ny0t!". The profile includes a blue profile picture, the name "Ny0t!", and the username "ny0t!". The "ABOUT ME" section says "passionate in coding & esports". Below that, it says "approach me with any idea, we will make it work together". The "DISCORD MEMBER SINCE" section says "Jul 1, 2016". The "NOTE" section says "Click to add a note". At the bottom of the profile card, it says "2 Mutual Servers" with a right-pointing arrow.

The image shows a dark-themed web form titled "Add surau". Below the title is a subtitle: "Help us to add surau if it is not in the list." The form contains several input fields: "Surau Name" (a text box), "State" (a dropdown menu with "State" selected), and "Direction / guide" (a larger text area). Below the text area is a small instruction: "Brief direction or guide to the surau, eg. near to the mosque, near to the shop lot, etc." Underneath is an "Upload image here" section with a link "Choose files or drag and drop" and a note "Images up to 4MB, max 10 files". At the bottom of the form are "Submit" and "Close" buttons. Below the form, the text "Surau Shell Cyberjaya" is visible, along with a "Close Comment" button.
